reducing technology

## Collision Protection for Your Roof

Pinnacle® Impact shingles provide a premium shield, protecting your home against hail and extreme weather. With innovative technologies built in, including 3M™ Scotchgard™ Protector, 130 mph wind resistance, and smog-reducing granules, your roof will out-perform the rest, while looking its absolute best.

# Pinnacle® Impact

Lasting Beauty that Weathers the Storm

## Made to Weather the Storm

New to the Pinnacle® family of products, Pinnacle® Impact is manufactured using a unique polymer blend that gives the shingle greater resilience against the damaging impact of hail and allows less energy usage and emissions during the manufacturing process.

Pinnacle® Impact is UL 2218 Class 4 impact rated, the highest rating for impact resistance in asphalt shingles.

## Innovation, Impact Resistance, and Lasting Impressions

In addition to Class 4 impact resistance, Pinnacle® Impact also incorporates 3M™ smog-reducing granule technology, with the smog-fighting capacity of 2-3 trees, helping to improve air quality, one roof at a time.

Combining these innovative technologies with the streak fighting power of Scotchgard™ Protector by 3M™, this shingle packs tremendous value on your roof.

Upgrade to Pinnacle® Impact and experience the ultimate in style and performance.
